 **FLYMARKER®**
Mark like a Professional

Battery Operated Hand-Held Marking System
FlyMarker® mini 85/45 plus

Version 2.0 | All information subject to correction. Images similar. Images may contain optional accessories.

Benefits at a glance

- Integrated controller (All-In-One)
- Extra strong magnet for deep markings (optional)
- Integrated user friendly keyboard mat with numeric keys
- Attractive price-performance ratio
- Switchable LED lighting of the marking field
- Pollution-protected electronics and interfaces
- Drag chain guided electric cables
- Laser pointer for simulating the marking process
- One or two-handed operation

Removable handle

Fast and smooth navigation

- Latest processor generation.
- Clear and intuitive software.
- Numerous language versions available by default.
- Practical preview function for error prevention.
- Helpful tagging variables such as time, date or auto numbering are already included.

Also available as Wi-Fi and Touch

18V Lithium-Ion-Battery (4,0 Ah)

100 % mobil marking

- Ergonomic device design for energy-saving, non-tiring work.
- Heavy and immovable components are marked on site.
- Self-sufficient work without power and compressed air cables.
- Reduction of occupational accidents.

Mark permanently and forgery-proof

- Visible marking even after subsequent surface treatment.
- Nearly all materials can be marked – from plastics up to hardened steel (63HRC).
- Adjustable impact strength for different materials.

Break-resistant and glass-fiber reinforced plastic

Core technology

- High marking quality thanks to stable, durable mechanics.
- Double guided linear guides in X and Y direction for distortion-free, multi-line markings without loss of quality.
- High rigidity of the mechanics due to robust basic carrier with integrated positioning plate.
- High quality guide system for highest stability.

Also available 120 x 45 mm

Marking area (optional)

Integrated Barcode Scanner (optional)

Round part marking

Removable Positioning Plate (optional)

Column frame for small parts (optional)
(FlyMarker® mini 120/45)

TECHNICAL SPECIFICATIONS

Marking area (x/y)

85 x 45 mm (120 x 45 mm optional)

Available character heights

1,0 to 44,9 mm
